

Connect

Welcome...

...to Select Concepts' Connect 12 and the start of a new year full of hope and opportunities. It's a rare day when we are able to promote the high adrenalin world of motorcycles, but in this edition we congratulate The Lane Way Group for their use of our versatile Drama Boxes with the fit out of the Phillip Island Grand Prix Circuit Visitor Centre.

The new Select Concepts website is designed to provide technical and practical information on our range of Portable and Permanent Stage Systems. We have to thank all our clients who have so generously shared their photos and stories about our Stage Systems – we always welcome any feedback and images from all customers big and small.

Our Product Spotlight this edition is on QUATTRO Stage Systems – our most trusted and versatile system and still proving it's worth in such a variety of Event, Display and Performance arenas – designed and manufactured for both Portable and Permanent applications!

Our Safety Steps are multifunctional. Not only designed to add the dimension of security and safety, we custom manufacture the Steps to fit any location in size and to be totally Portable if required.

Phone our Sales Team today and problem solve your next Event, Display or Performance with a Portable Stage System from Select Concepts.

HIGH OCTANE MOTORBIKE ACTION IMMORTALISED AT PHILLIP ISLAND

Recently, our customer The Lane Way Group, were tasked with the display fit out at Phillip Island Grand Prix Circuit Visitor Centre and their new History of Motor Sport Display.

We can never look at the perennial Drama Box the same way again. The Lane Way Group have taken this portable performance and event tool and given it an exciting energetic role in the magnificent showcase of past, present and vintage Grand Prix motorbikes.

Each of these inspiring racing machines rests safely and securely on a custom built Select Concepts Drama Box which allows each motorbike to be displayed securely and with maximum visibility.

Creating a secure yet portable display area for the valuable and heavy motorcycles inspired The Laneway Group to research display options that would fill the display criteria economically and practically. In this instance the display platforms were not required to be large and permanent – thereby enabling the display area to be versatile in area, or to be added to or decreased according to the number and size of the motorbikes on display at any one time. Select Concepts' Drama Boxes may be moved without extra effort and manpower, or stacked in a variety of configurations to enable this display tool to be worked to

the requirements of this changing exhibition. Plus they may be stored easily at the end of the exhibition ready for the next event.

Drama Boxes may be custom built in a variety of sizes and heights to suit every Display, Performance or Event requirement. Being manufactured in house, we enjoy working with our customers to truly create individual performance and event portable platforms with a variety and selection of colours and finishes for each Drama Box. Choose from any timber stain colour finish for a smooth elegant look, or add one of the spectrum of marine grade carpet colours and utilise the Drama Box for outdoor applications.

Visit this visually exciting and adrenalin pumping exhibition of man's obsession with speed, danger and high tech racing machines, plus check out the versatile Select Concepts Drama Boxes displayed in a new event niche.

Thanks to The Lane Way Group for their out of the box display problem solving – Select Concepts adds a new dimension to Event and Performance Portable Stage Solutions.

Product Spotlight

QUATTRO PORTABLE & PERMANENT STAGE SYSTEMS – STILL NUMBER 1

It's time to again showcase our most popular and versatile Portable and Permanent Stage System.

The QUATTRO Portable Staging is designed and manufactured in-house by Select Concepts and is the most adaptable and easy to use Portable Staging System available on the market today - and comes with a worry free 10 year Warranty. Select Concepts offer a free design and quote service for all Portable and Permanent staging requirements. This means, no matter the space, location or budget details, we may offer a variety of Staging Solutions with our versatile QUATTRO Stage Systems.

The QUATTRO Portable and Permanent Staging System is currently used by more than 300 schools Australia wide and is also extensively preferred by hire companies; theatrical companies; churches; councils; social and sports groups/clubs; shopping centres; and event management firms – which is testament to QUATTRO'S strength, quality and adaptability. Able to be used in both fixed and portable applications indoors or out, it also is perfect for tiered seating, floor risers, choral performances and more! The Tiered QUATTRO Stage Systems create an impressive multi-level performing or seating system. All QUATTRO Staging Systems are adaptable, easy to use, compact to store and may be customised exclusively to individual requirements. All QUATTRO Stages look impressive with any of our custom designed safety additions plus Stage Curtain, Valance and embroidered Logo options. QUATTRO STAGE SYSTEMS – When only the best will do.

STEP UP SUCCESSFULLY AND SAFELY – PORTABLE SAFETY STEPS

Safety and convenience are an event and performance necessity.

At Select Concepts our Portable Stage Steps are designed and manufactured specifically to enable customers the convenience of transporting the steps to multiple use situations, plus each Safety Step System is designed to be totally safe. We individually manufacture the Safety Step Systems to the specifications of each customer. Just tell us how many steps are required, whether

you need additional safety railing, or are safety lockable wheels a requirement? Are you matching the Step System to one of our Stage Solutions or is it to be matched to another system or requirement? Select Concepts work with you to provide a convenient and safe option for all Portable Step Systems.
