## COMMUNITY GROUPS ACHIEVING GREATNESS WITH SELECT CONCEPTS PORTABLE STAGES

**Australia wide, community groups such as Choirs, Theatre Companies, Social Groups and Council departments are among the list of customers who have purchased a Select Concepts Portable Stage and have found performance success.**

Community Groups more often than not struggle to finance a substantial purchase such as a portable stage or choir riser. Therefore, ensuring value for money; alleviating safety concerns; providing the right size and heights for their needs; providing options to purchase future additions to the stage; and allowing versatility with stage layouts are important customer service considerations.

The portable podium decks give customers increased freedoms with the shape, size and height of their stage system and increase the performance capabilities from event to event. QUATTRO and PILOT Stage and Choir Riser Systems allow all the requirements to be fulfilled, plus reconfigure the podiums according to the specific performance requirements.

Select Concepts manufacture in-house, a comprehensive selection of QUATTRO or PILOT podium deck sizes, plus custom shapes and adjustable leg heights. This variety of podium sizes and heights allows each performance requirement to be filled accurately and simply.

Yarra Valley Singers perform using their QUATTRO Choir Risers so their performers may be seen and heard to the greatest advantage in many diverse venues across the Yarra Valley; Mackay Choral Society's PILOT Choir Risers are shared by other performance groups in Mackay for both choral performances, orchestras and University theatre productions; Gunnedah Conservatorium of Music also use their QUATTRO Portable Stage Podiums as Risers for Orchestras, Choirs and in many different configurations for the Eisteddfod performances. Vocal Fusion, Sunbury Choral, AR Capella Choir, QLD Youth Orchestra, & Moonah Arts Centre to name but a few – are ensuring the end performance is flawlessly simple to stage in multiple performance configurations. They are achieving excellent recognition performing on Select Concepts Stage systems and make the venues work for them at Eisteddfods, Musicals, Theatrical, Orchestral and Choral performances.

Join the growing consumer trend towards genuinely Australian made, totally versatile and successful Portable Stage and Choir Riser Systems that deliver exactly what every customer needs.

**Select Concepts - our Stages Perform With You.**

# Product Spotlight

## PORTABLE LECTERNS

**Lecterns are an essential and effective presentation tool for every occasion.**

Emphasise the importance of the spoken word with ease – no awkward shuffling of hand held notes and folders; portray dignity and poise; and maintain confidence with a choice of quality Lecterns in a variety of designs.

Timber Lecterns are available in 2 designs. Choose from the traditional Post design or from the compact Cabinet design. The Post Lectern is light and easy to store and the Cabinet Lectern comes complete with a cupboard/shelf facility for the addition of electronic equipment, plus add a beautiful embroidered logo. Both timber Lecterns are designed and manufactured by Select Concepts.

We now offer a new modern Lectern called the Classic Series Lectern. It has a sleek ageless elegant design and has the facility to add a selection of electronic sound and light/projection capabilities - an established industry standard lectern. Add a corporate or School logo for a completely professional image. Used by AV hire companies, event and hospitality organisations, corporate businesses and all levels of local, state and federal government the Classic Lectern is a proven winner.

Know complete confidence and accessorise every meeting room, church, school hall, lecture hall, board room, auditorium and conference centre with a Select Concepts Lectern.

## PILOT PORTABLE STAGE SYSTEMS - ECONOMICAL, STRONG, PORTABLE AND AUSTRALIAN MADE

The excellent design elements of QUATTRO Staging Systems are uniquely modified to create an economical stage system alternative with the Australian designed and manufactured PILOT Portable Stage System.

Select Concepts always strive for the best solution to any staging dilemma. We understand the need for compact, versatile and economical Portable Staging and Choir Risers. PILOT Portable Stages and PILOT Choir Risers are manufactured in Australia at Select Concepts to our unique design – PILOT Stage Podiums are manufactured and finished with 18mm MAXI Oak – to provide added strength.

PILOT Staging Systems are custom designed to use the same Rail and Step Accessories and Stage Leg System as QUATTRO but offer a slightly different Aluminium extrusion profile. Standard PILOT

Podium's size is 2000mm x 1000mm – alternatives sizes are available on application – and standard Podium heights are 200mm to 1000mm – or ask about Adjustable Height Legs to create a variety of Podium heights.

The PILOT Choir Risers are available in straight or curved formats. Select Concepts offer a selection of PILOT Choir Riser Kits -standard kits are 3 rows or 4 rows and come complete with Safety Hand Rails. Standard individual Podium panels are 2400mm x 500mm and the Choir Riser standard Podiums are 200, 400 and 600mm high – customised heights are available if required.

PILOT Choir Riser Systems have a specialised insert enabling straight deck combinations to become curved. Light, yet strong corner inserts are simple to add to any of our PILOT decks to create a varied and

effective deck combination.

PILOT Portable Staging Systems minimise storage space and economise on transport logistics. Select Concepts' Transport Trolley Kit utilises one PILOT Podium to create a trolley base – just add the included manoeuvrable Wheel System to each Podium corner then store up to 20 PILOT Podiums on top of each other i.e. 40m<sup>2</sup> of staging stored in 2m<sup>2</sup>.

Select Concepts Pilot Stage Systems are the long term economical performance and event solution for every occasion. Just ask us how PILOT Portable Stage Systems can perform for you.
