

Connect

Welcome...

Welcome one and all to Connect 9, our first Newsletter for 2014. It's a new year – so out with the old and in with the new! It's time to refresh your school's performance spaces with new Portable Staging Systems from Select Concepts. Think outside the box like Ingham State High School has done with their innovative use of our QUATTRO Stage. Save yourselves money and utilise our adaptable staging systems for a variety of school activities – in Ingham's example it is quite brilliant in its simplicity.

Our youth are leading the way in maintaining the importance of remembering and honouring ANZAC Day, so enhance the dignity of this special day with one or more of our Portable QUATTRO or PILOT Stage Systems.

Once upon a time our students competed in Eisteddfods. Today Australian students from both Primary and Secondary schools may weave their creative magic in story telling dance numbers in the Wakikimi Challenge. Join the growing number of schools who utilise our Portable Stage Systems to create Wakakimi magic.

Who said stages have to be raised? Why not add to your existing stage with one of our hard wearing DANCE DECK Dance Floors? Highly portable and simple to put together DANCE DECK Dance Floors are finding an exciting niche for school performances.

Select Concepts have some exciting new products in the pipeline for 2014 – stay tuned! Give our friendly Sales Team a call today and get ready to put your best foot forward with a Select Concepts Portable Stage System.

WHEN IS A STAGE MORE THAN A STAGE?

Innovative indeed! Ingham State High School was featured in our Connect 5 newsletter which we released early 2013. Select Concepts worked with Ingham State High School to install a portable stage system into their new school hall as part of the Ingham Cyclone Shelter project in late 2012. The installation of the QUATTRO Stage System with Stage Curtains was a huge project and designed to allow the school and community a variety of options in the use of the hall with or without the stage components plus allowed the stage to be assembled in a multitude of configurations. Recently, Ingham State High School has also added a variety of safety rails and modular steps to further add options to the use of the QUATTRO stage and to create

an even safer performance space. Since the installation, the friendly staff at Ingham State High School have stayed in touch and kept us up to date with the many happy occasions they have used the new stage system. Then late in 2013 we received a marvellous email from the school detailing how they created a wonderland for their graduating Class of 2013. The portable QUATTRO stage decks with the adjustable leg system were taken from the stage set up, placed end to end and covered with crisp linen tablecloths to create dining tables for their students to dine at. So, what can Select Concepts do for your school to create endless performance possibilities plus allow you the option to find your own creative variations with QUATTRO Staging Systems?

See from the great photos how they reduced the size of the stage but added to the dining experience of the graduating class without costing extra to hire tables.

“WE WILL REMEMBER THEM....”

As age does weary them and we lose more and more of the generations of soldiers who have gone before, it never ceases to amaze how the younger generations embrace all that Anzac Day symbolizes. The freedoms we now hold so dear were hard fought for and each Anzac Day we honour those who fought to protect us. Each year schools throughout Australia hold Anzac Day memorial services and allow their students to participate in community and local council Dawn Services.

This year add a Select Concepts Portable Choir Riser from our QUATTRO and PILOT ranges to your Anzac Day service. With a tiered Choir Riser your dignitaries and choir may be seen and heard effectively, plus choose from one of our Stage Podiums to create extra seating space or add one of our diverse choice of Lecterns. At Select Concepts we will assist you to create the right Anzac Day memorial space for your school to honour our brave fighting force.

Product Spotlight

DANCE DECKS PROVE A VERSATILE WINNER

**Not every performance space needs to be raised or on a stage.
Why not add extra performance space with a Portable DANCE DECK?**

DANCE DECK Portable Dance Floors from Select Concepts add that little extra glamour and versatility. Choose from either Black & White contrasting tiles or a beautiful Timber Parquetry look alike. These sturdy black polypropylene based portable Floor Tiles easily fit together like a jigsaw and may be quickly set up inside or out for an instant performance area.

Use the DANCE DECK as a standalone performance space or add to your existing stage to give variety in stage levels. Each purchase of DANCE DECKS has the option of a Storage Trolley for ease of transport and storage. Recently, Simply Swing Dance Academy in Western Australia purchased one of the Timber finish DANCE DECK packages and it passed the test brilliantly.

WAKAKIRRI PERFORMANCES

Each year a multitude of Primary and Secondary Schools successfully promote their talented students and supporting teachers by participating in the Wakakirri Challenge.

A lot of hard work, dedication and discipline go into each and every Wakakiri performance. The end result amazes friends and family at every event shown at a professional venue. But what does it take to finally get to the correct end standard for Wakakiri? Not every school is blessed with a large performance hall and rehearsal space. The resulting effort to organise students, staff and parents to participate in Wakakiri becomes too hard. That is where Select Concepts can help. Select Concepts are a premier Portable Staging supplier. We have developed and manufactured in Australia multiple Portable Stage options with QUATTRO and PILOT Stage Systems. We don't mind how big your school is. We will work with you to create a Portable or Permanent Stage Solution that is just what you need and can afford. Our stage systems may be as small as a Drama Box or 3. Or use our portable QUATTRO Fold & Roll stage podium either as a single deck or multiple decks. Require a variety in performance levels? Then add either adjustable legs to your stage or purchase a tiered stage system from both QUATTRO and PILOT ranges. Need just a flat

performance area? Then our DANCE DECK Portable Dance Floor System may be used in any classroom, playground or outdoor area. Already have a stage from another supplier but need to create a variation in heights or size? Don't worry. We will work with your existing system and assist you to find what you want and deserve. Rehearsing and then showcasing your school's Wakakiri performance to family and friends prior to facing the greater public is simple with a Select Concepts Portable Stage Solution.

So, dust off those dancing shoes, break out the costumes and enter into the excitement of your school's Wakakiri performance and make the rehearsals a breeze with Select Concepts Portable Stage Systems.
