

Connect

Welcome...

... to the 5th edition of our quarterly newsletter Connect. This is our first for 2013, and we are excited about the possibilities that lie ahead for this year.

We have some special package pricing to kick-start the year into action for our QUATTRO Demountable range of Staging, and this promotion is running from the start of January till the 31st of March 2013 – please contact our office for further information on these deals or down-load the flyer direct from our website.

Our feature article this issue is for a large Portable Stage installation we did at the end of 2012 in Ingham, QLD with a fully retractable curtain system – this spans the entire 12m Stage width and is very impressive to say the least.

We feature our newly released QUATTRO Fold & Roll Stage system in our Product Spotlight section – this unique design eliminates the pinch-point issue of the more common imported designs currently available to the market in Australia, and is made in-house by us here in Melbourne.

We have several more exciting products to release throughout 2013, so stay tuned while we keep you up to date.

Ingham Cyclone Shelter – QLD

Select Concepts recently completed the installation of a 12m wide X 8m deep QUATTRO Demountable Stage with a Retractable Curtain system in Ingham QLD, in one of the 10 X newly constructed Cyclone Shelters. The Stage is 800mm high and also features a wheelchair access ramp which is able to be configured in multiple set-ups. The curtain system needed to be able to retract back towards the rear of the stage, allowing for the stage to be used 'open' or even dis-mantled to allow for more space around the Netball courts. This unique design works very well and certainly received a huge amount of praise from the School community where this hall is located.

Special Feature

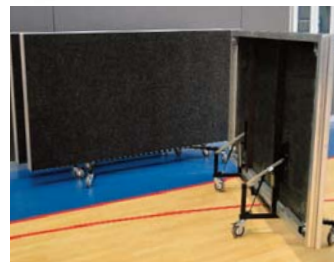

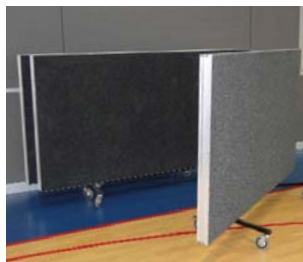

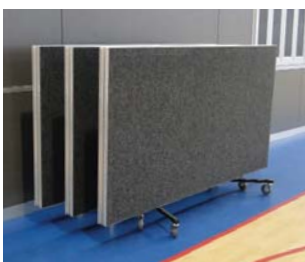

Demo Video's now on our website

Select Concepts is in the midst of recording Demo Video's for all our product range, and these will be up-loaded to our Website as they come available. We currently have 2 X Videos already for the QUATTRO Demountable and QUATTRO Fold & Roll uploaded. Check our website regularly for new Video updates throughout the year!

QUATTRO Fold & Roll

The QUATTRO Fold & Roll is a new product just released at the end of 2012. Designed and manufactured in-house by Select Concepts, this unique design eliminates the dangerous pinch-points which are the curse of the more popular imported designs of Fold & Rolls. Being made in-house also means we are able to customize the units to individual customer requirements, if the need arises.

Standard Features:

- 2400mm X 1200mm Podium size
- 400mm Stage height
- Carpet or Stained Timber deck options
- Single person operation with minimal effort

Options available:

- Other Podium sizes
- 600mm Stage height
- Valance Curtains
- Logo embroidery on curtains
- Steps
- Handrails
